

# Meet

## Age

INTERNATIONAL  
ANGELMAN  
DAY FEB 15

## FAST is working hard towards a cure.

**\$20M**

Invested by FAST in research towards  
a cure for Angelman syndrome

**~500K**

Individuals living with  
Angelman syndrome worldwide

**60**

FAST-funded grants for AS research  
and advancement of therapeutics

**9**

FAST-funded potentially  
disease-modifying therapeutics

**4**

Clinical trials  
for Angelman syndrome

**1**

Committed community rallied  
around one single gene

**FAST will not stop until every individual with Angelman syndrome has  
access to a meaningful therapeutic, regardless of genotype or age.**
